#### Updates

- **Continuity of Learning** going well. About 15% of students are attending. There are some concerns about student success due to non- engagement. A number of students in each grade are at risk of failing courses because they are not attending virtual meetings and completing some work. Attendance is important.
- **Planning for September** right now is that students will come 40% of time face-to-face=2 days a week. There is a real possibility that fall sports such as Volleyball and Basketball might have seasons cancelled.

#### Activities

- **Grad ceremony** will be June 15 at Abby Arts Center. Students will come in groups of 15, all speeches are virtual. Parents will participate in ceremony. All awards (athletics/bursaries/scholarships) will also be handed out that night.

#### Calendar

- See **website** for detailed Shape of the Week
- Website is updated with stories from the classroom

#### Discussion

**September** may move to a quarterly system where students will have 2 classes for approx. 11 weeks, rather than semester system.

**Summer school** is offered online. Course is offered on line 4 days a week with face-to-face 1 day a week. Math is only offered through Abby Virtual School.

**School of Science/School of Business** numbers are low. There is still time to apply if you would like to have your child go into either school.
